

# JUST A FEW JOYS OF SIMPLE LIFE FOR ERIE COMMUTERS

## CONDUCTOR ON 'L' CUT IN TWO BY CROWDED TRAIN

Body Jammed Under Car, While Passengers Are Quickly Unloaded.

John Palmer, the motorman of the "L" train which was jammed under the car, was killed by a falling car. The conductor who was on the tracks near the station at One Hundred and Fifty-fifth street and Eighth avenue, was arrested in the Harlem Police Court today. Palmer was depressed over the killing of the conductor, and declared that he did not see the unfortunate man until too late to check the train.

Women passengers on the train became hysterical when they learned, as the train came to a jolting stop, that the conductor was wedged between the trucks of the first car. It was necessary to jack up the car before the body could be extricated.

Harris was twenty-five years old and had not been long in the service of the "L" road. None of the other employees knew where he lived.

Harris had reached the station on the west side of the tracks and his hands were on the edge of the platform when he was run down by the train. Palmer, seeing the man on the tracks, blew a warning whistle and applied the brake, but the progress of the train was not quickly checked. Before Harris could climb up on the platform he was down, the forward wheels passing over him, almost cutting the body in two.

The passengers were hurried out of the cars as quickly as possible and driven down to the street. An ambulance was summoned from the Washington Heights Hospital, and the surgeon, Dr. Burke, crawled under the jammed train to reach the body. The faint hope of finding the man still living. The doctor said death must have been instantaneous.

## OFF TO SEA AFTER CRASH.

Grecian and Alf, in Collision on Delaware, Continue Voyage.

LEWES, Del., Feb. 28.—The Norwegian steamer Alf, from Philadelphia for Havana, and the steamer Grecian, Philadelphia for Boston, were in collision last night while proceeding down the Delaware River. Five Alf's starboard bulwark was damaged. The damage, if any, sustained by the Grecian is not known.

Both steamers passed out to sea during the night.

## ADOLPHUS BUSCH ILL.

ST. LOUIS, Feb. 28.—Adolphus Busch, St. Louis's richest resident, is critically ill. It is reported from Pasadena. The family is en route to St. Louis. It is believed in Pasadena that Mr. Busch is returning for an operation for a tumor. Lieut. Edward Scharrer and Mrs. Scharrer, Mr. Busch's daughter, have been cabled in Germany to return to St. Louis.

## FILIPINOS DREAD WAR WITH JAPAN

Fright Brings Them Closer to United States—Senate Action Inopportune.

MANILA, Feb. 28.—There is general surprise here among the Filipinos at the recent action of the United States Senate in defeating the amendment, offered by Senator Culberson, to the act establishing an agricultural bank in the Philippine Islands, declaring the intention of the United States to abandon the islands as soon as a stable currency should be established.

The progressivists express satisfaction with the sentiment of the amendment, but deplore the time selected in view of the Japanese war talk, which has caused excitement in the provinces surrounding Manila. In some instances the inhabitants left the towns and hid in the mountains.

One town was depopulated recently by the exchange of salutes between warships, which caused the idea to spread that the Japanese were entering the bay. The commission is doing its best to allay the alarm. Commissioners Tawara and Legarda made special tours of the provinces explaining the Japanese situation and quiet was somewhat restored.

The people were, however, still in an excited condition when news of the action on the Culberson amendment came. The native newspapers regard the action as inappropriate as the war talk was bringing the Filipinos closer to the Americans. The effect of the action on the amendment is likely to cause a breach.

The independents talk in the same strain, and declare the Senate is likely to make independents out of any conservatives who have refrained from entering the campaign for the Assembly. Gen. Smith is to leave Manila March 1.

## JAPANESE CRUISERS OFF FOR UNITED STATES.

YOKOHAMA, Feb. 28.—The Japanese cruisers Takikuba and Chitose left today for Jamestown, Va. They got an impressive send-off. Naval Minister Vice-Admiral Saito, Admirals Togo, Ito, Inouye, the naval attaché at the American Embassy, Consul-General Miller, and local Japanese officials were present upon the occasion.

The Emperor and Crown Prince sent their special aides-de-camp with a farewell message to Admiral Adjuin on the flagship Takikuba.

The pier, which was decorated, was lined with an interested but undemonstrative crowd. The squadron was escorted by two torpedo boats with a naval band on board to the mouth of Tokyo bay.

## M'CLELLAN MAY VETO A BROOKLYN BILL.

Does Not Like the Mandatory Clause of a Measure Passed by Legislature.

At a public hearing to-day Mayor McClellan made it quite plain that his belief in home rule for New York City is so strong that he will not brook interference from Albany when it takes a mandatory form.

A bill passed by the Legislature provides that the entire cost of widening Livingston street in Brooklyn, "shall be paid by the city of New York, and no part thereof shall be assessed against property-owners," as has already been done under orders of the Board of Estimate.

A large delegation of property-owners urged the Mayor to approve the bill.

"Why was this bill made mandatory?" asked the Mayor, as Assemblyman Murphy began speaking in its favor. "Mr. Murphy, I don't see how I can be expected to approve this mandatory bill when the same object could have been attained by an enabling act which would have permitted the local authorities to deal with the matter in their own way and without any interference if they had been done."

"He did not say he would veto the bill, but nobody who heard him discuss it believes that he will approve it."

## STRACCIARI TO SING AGAIN.

Scott's cold continuing, Stracciari will sing his part of the special performance of "La Boheme" at the Metropolitan Opera House to-night for the Italian Benevolent Society.

Mr. Conried announces the re-engagement for next season of the French conductor, Samuel Davy.

## ROBBERS LEAVE OLD CLOTHES AS BARGAINS.

Thieves who broke into the department store of George W. Egbert, at Tompkinsville 3, 1, to-day added insult to injury by leisurely dressing themselves from head to foot in new attire from the store's shelves and leaving behind their own rags and tatters ticked "Bargains."

In order to make their movements inaudible the burglars had carpeted the floor of the store with various articles of wearing apparel. Four vanished suits came crammed full of the best they could find and brings the store's loss up to \$120.

M. K. Harris  
Optician and Optician.

## Fill Out Your Face

The old saying "Your face is your fortune" contains more truth than poetry. The man with well-rounded face and adequate flesh is fortunate in more ways than one. He is more successful because people like to deal with him. He is healthier because he has a surplus of flesh upon which to draw.

One well known authority asserts that men or women having a normal quantity of flesh—gaining flesh—need have no fear of disease. That is why every person who is underweight should be deeply interested in the latest discovery of the Battle Creek food experts. A means that they can now gain flesh without risking one cent in case of failure. For years these specialists, have been experimenting—proving testing. The result of their labors is the food PEPTOL—the new flesh builder.

PEPTOL is simply concentrated fat and starch, the two most important makers of flesh. It is so prepared that it assimilates immediately without taxing the digestive organs. It increases the appetite and aids assimilation of other foods. It adds flesh at the rate of from 2 to 6 pounds a week. This has been proven in numerous cases. There is no good reason why it will not do so much for you. We absolutely guarantee that PEPTOL will add materially to your weight in one month or it will not cost you a cent. In case it fails we will refund the full purchase price on your word alone. Sign the coupon and take to your druggist today.

The Peptol Company, First National Bank Building, Chicago. (Laboratory: Battle Creek, Mich.)
